JURA Products Ltd warranty conditions.....	6

Proper use

The Smart Connect may only be used with specified JURA coffee machines. It provides wireless communication between the coffee machine and various accessories (for compatible devices see www.jura.com). Use for any other purpose will be deemed improper. JURA cannot accept any responsibility for the consequences of improper use.

Smart Connect at a glance

- 1 LED: Indicates the status of the Smart Connect
- 2 Reset button: To connect the Smart Connect with other wireless-enabled accessories
- 3 Connector: Inserted into the service socket on the coffee machine

Installation

The Smart Connect must be inserted into the coffee machine's service socket. This is usually on the top or back of the machine, beneath a removable cover. If you don't know where the service socket of your coffee machine is, ask your dealer or visit www.jura.com.

- Plug the Smart Connect into the coffee machine's service socket.

The Smart Connect switches on automatically.

For operation, the accessory must be no more than 3 m away from the coffee machine.

LED indicators

- LED does not light up: The coffee machine is switched off; the Smart Connect is not being supplied with power.
- LED lights up: The wireless connection between the Smart Connect and the accessory has been established.
- LED flashes (1x / second): Attempting to establish a wireless connection.

Connecting to other devices

The Smart Connect can be used for various wireless-enabled accessories (e.g. Cool Control Wireless / Smart Compact Payment Box).

- ▶ Position the accessory near the coffee machine (a maximum of 0.5 m away).
- ▶ Switch on the accessory and the coffee machine.
- ▶ Press the reset button of the Smart Connect (e.g. with a paper clip).
- ▶ Then (within 30 sec.) press **and hold** the reset key of the accessory until the LED lights up to indicate the successful connection.

If a device is switched off and then on again, the wireless connection is re-established automatically.

i Some JURA coffee machines have an automatic connection function (see operating instructions for the specific machine).

Resetting Smart Connect (and/or security PIN) to factory setting

If you experience any general problems with the Smart Connect (e.g. a connection problem), it can be reset to the factory setting.

- ▶ Press the reset button of the Smart Connect for around 5 seconds.
The LED flashes 5 times to confirm the reset.

Declaration of Conformity: www.jura.com/conformity

This device complies with Industry Canada licence-exempt RSS standard(s) and part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

JURA Products Ltd warranty conditions

For this machine, which was designed and built for domestic use, JURA Products Ltd, Vivary Way, Colne, Lancashire offers to the end customer, in addition to the rights of guarantee from the retailer, a manufacturer's warranty with the following terms and conditions:

25 months from the date of initial purchase

- 1 For products which are subject to selective distribution, the manufacturer's warranty shall only apply if the JURA machine was purchased at an authorised JURA specialised dealer.
- 2 JURA shall remedy all defects within the warranty period. JURA shall decide whether to remedy the defect by repairing the machine, replacing defective parts or replacing the machine. The performance of warranty services shall not cause the warranty period to be extended or restarted. Replaced parts shall become the property of JURA.
- 3 A warranty service is not applicable for damage or defects caused by incorrect connection, incorrect handling or transport, repair attempts or modifications by unauthorised persons or non-compliance with the instructions for use. In particular, the warranty shall be void if JURA's operating or maintenance instructions are not followed or if maintenance products other than JURA water filters, JURA cleaning tablets or JURA descaling tablets are used which do not correspond to the original specifications. Wearing parts (e.g. seals, grinding discs, valves) are excluded from the warranty, as is damage caused by foreign bodies entering the grinder (e.g. stones, wood, paper clips).
- 4 The sales receipt, specifying the purchase date and machine type, must be provided as evidence of warranty claims. In order to simplify the process, the sales receipt should also include the following information where possible: name and address of the customer and serial number of the machine.
- 5 If the end customer is a company or a legal person, or if the machine is not used in a domestic environment, the manufacturer's warranty is valid for 12 months.

- 6 Warranty services are performed in the United Kingdom. For machines purchased in Europe and taken to another European country, services shall be performed in accordance with the JURA warranty conditions applicable in this country.
- 7 The warranty services shall be performed in the United Kingdom after prior consultation with the service hotline 0844 257 92 29 (charged at local rates) by sending or handing over the product to

JURA Products Ltd.
